Important:

Text fields that have yellow background are considered to be mandatory fields through out the Document. So if the Background Color of a text field is Yellow, it means this field must be filled.

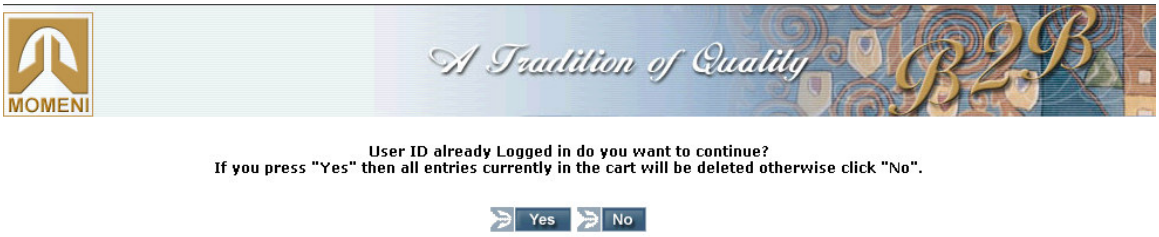
Login Screen:

The users of the site are given Unique User Ids and Passwords to enter the site. The user can enter the Site through this Screen by giving his/her User ID and Password. The user can only enter the site if his/her User ID and Password are correct.

Button/Link/Field	Description
Login:	Enter Login **User ID**.
Password:	Enter **Password**.
Login	Click **Login** Button to Enter the site.

Already Logged in Message Screen:

If a user is already using the site with the same User ID, then this screen will appear. So that the user should know that there is also some other user-using site with same User ID.



Button/Link/Field	Description
Yes	Press **Yes** Button if you too want to log into the site.
No	Press **No** Button to go to the Login Screen.

Enter Email Message Screen:

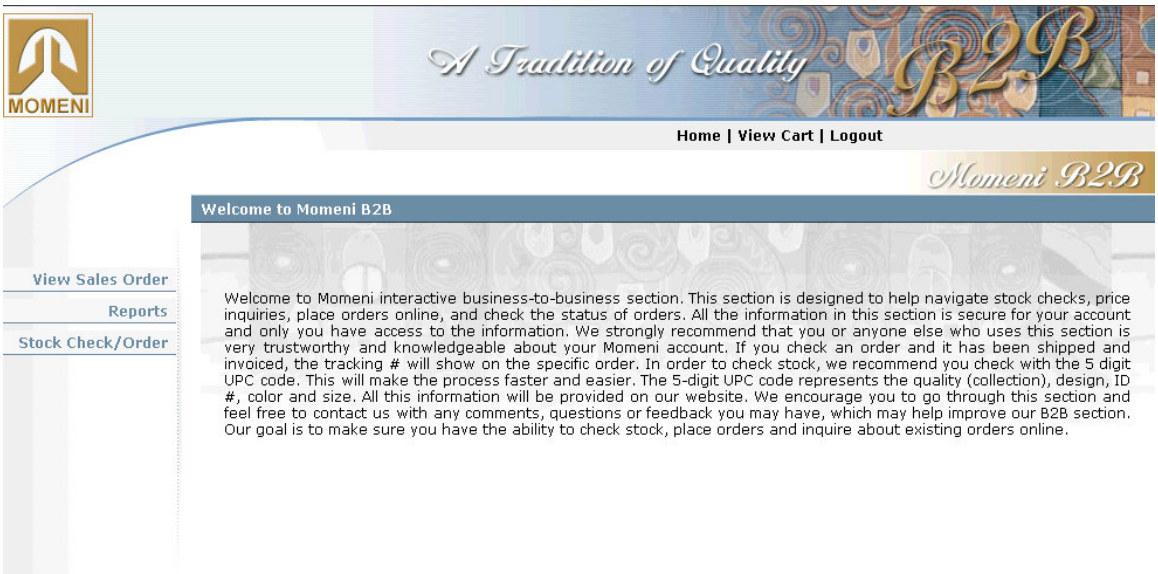
The Email Addresses of the users of the site are kept in Record so that they can be informed of any thing through their Email Addresses. This screen appears if the Email Address of the User does not exist. So user can give Email Address through this Screen or he/she can leave this for some later time.

Note: This Screen is very next to the Login Screen or already logged in Message Screen. This screen appears when the email address of the user does not exist.

Button/Link/Field	Description
	Enter **Email Address**.
Save	Press **Save** Button to save your Email address.
Go	Press **Go** Button to leave this part for some later time.

Note: *This screen will not appear once you Enter Email Address.*

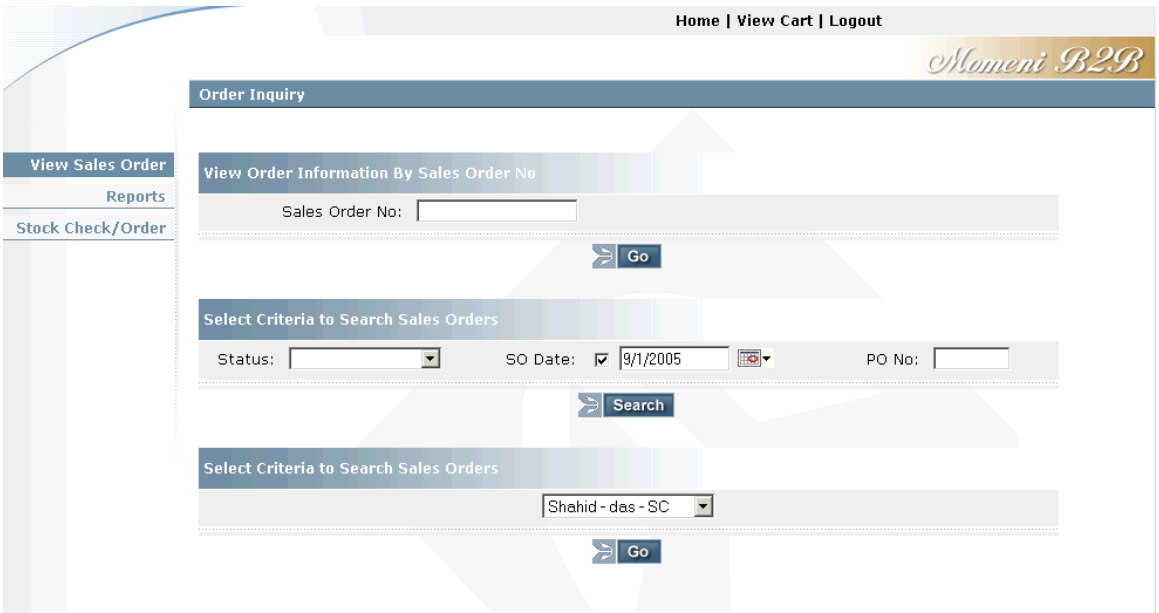
Home Page Screen:



Button/Link/Field	Description
Home	This link will lead the user to the Home Page of the site for this User.
View Cart	This link will lead to the page where user can see the Items that he/she has selected for Order Purpose.
Logout	This link will lead to the login page and will end the session of the user.
View Sales Order	This link will lead to the Page where user can search previous Sales Orders.
Reports	This link will lead the user to the page where he/she can view Reports
Stock Check/Order	This link will lead to the page where user can see the current stock available.

View Sales Order Screen:

The purpose of this screen is to give the user an easy way to search Sales Orders. There are different options, to search, given on this page. User can search for the Sales Orders by using any option. The results are shown against the given criteria.



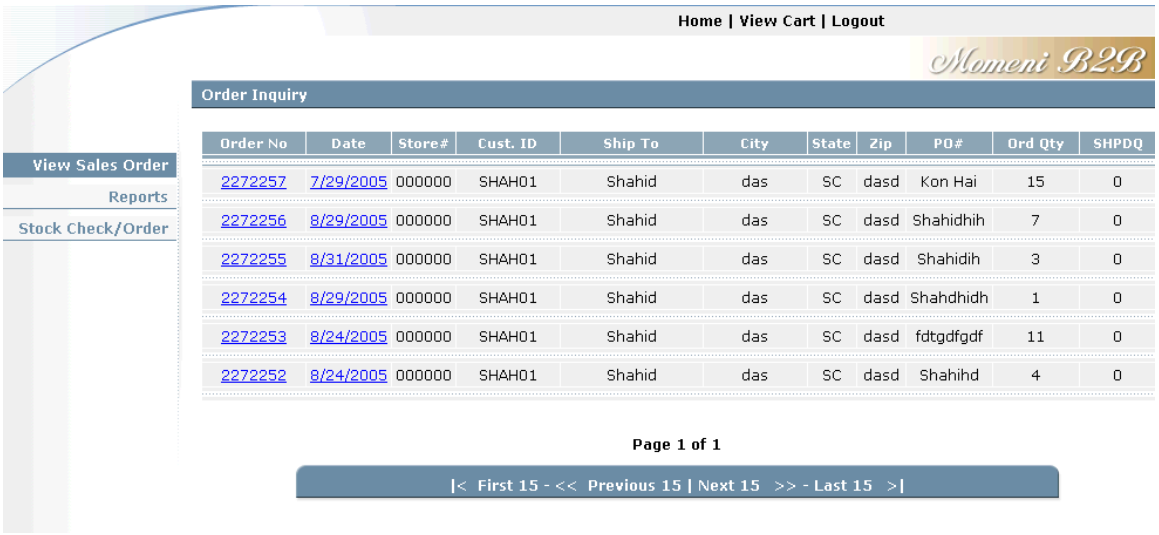
Note: *the search option* ***Select Customer*** *is only for the* ***Sales Representative****.*

Button/Link/Field	Description
Sales Order No:	Enter **Sales Order No**.
Go	Press **Go** to see the Detail against given Sales Order No.
Status:	Select the **Status** of the Orders from the given List.
SO Date: 9/1/2005	Select the **Sales Order Date**. (It is set to the current date by default if you do not select the date)

PO No:	Enter the **Purchase Order No**.
Search	Press **Search** Button to view the results.
Shahid - das - SC	Select a **Customer** from the given list of Customers.
Go	Press **Go** Button to search the sales Orders.

Search Results Screen:

All Sales Orders that come under the search criteria of the user are displayed on this Screen. There are also links given for each Sales Order that lead to the page where the user can see the detail of the orders. The user can view any order in detail by clicking the links given in the table. The Sales Order list can be very large. So the No. of Sales Order per page is kept 15 for the efficiency purpose. If the orders are more than 15 then the page options are given to go from one page to another.



Order No	Date	Store#	Cust. ID	Ship To	City	State	Zip	PO#	Ord Qty	SHPDQ
2272257	7/29/2005	000000	SHAH01	Shahid	das	SC	dasd	Kon Hai	15	0
2272256	8/29/2005	000000	SHAH01	Shahid	das	SC	dasd	Shahidhih	7	0

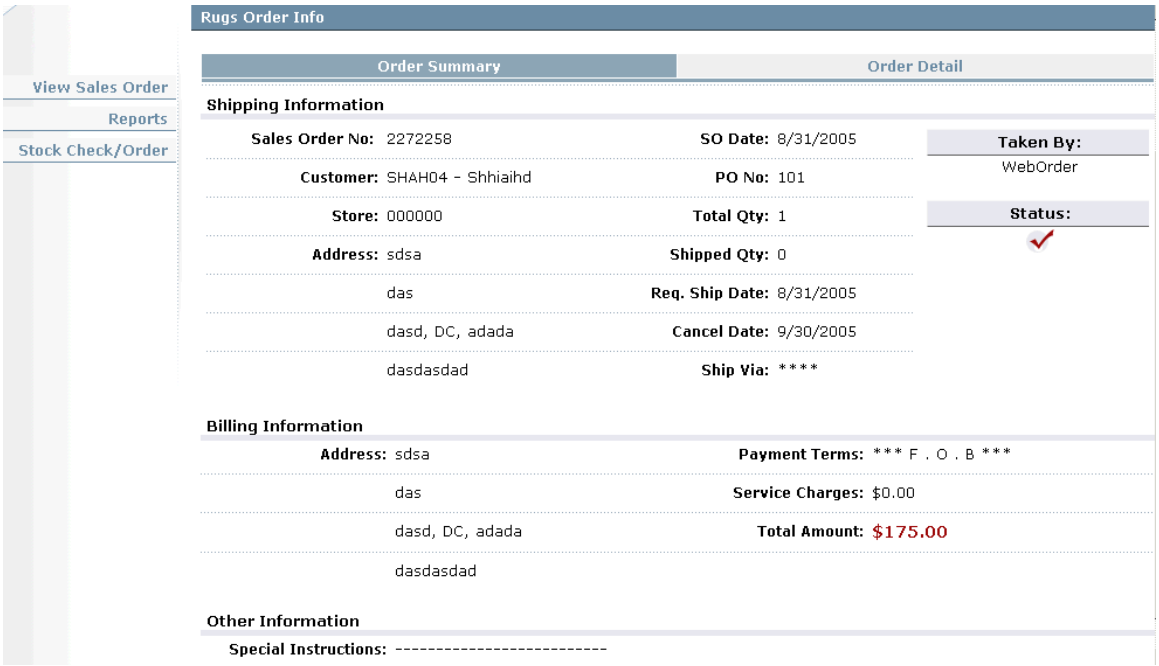
2272252	8/24/2005	000000	SHAH01	Shahid	das	SC	dasd	Shahihd	4	0

Button/Link/Field	Description
Order No 2272257	Click on the **Order No** link to view the detail of a specific Order.
Date	Click the **Date** link to view the details of an order by that date.

Rugs Order Info Screen (Order Summary Screen):

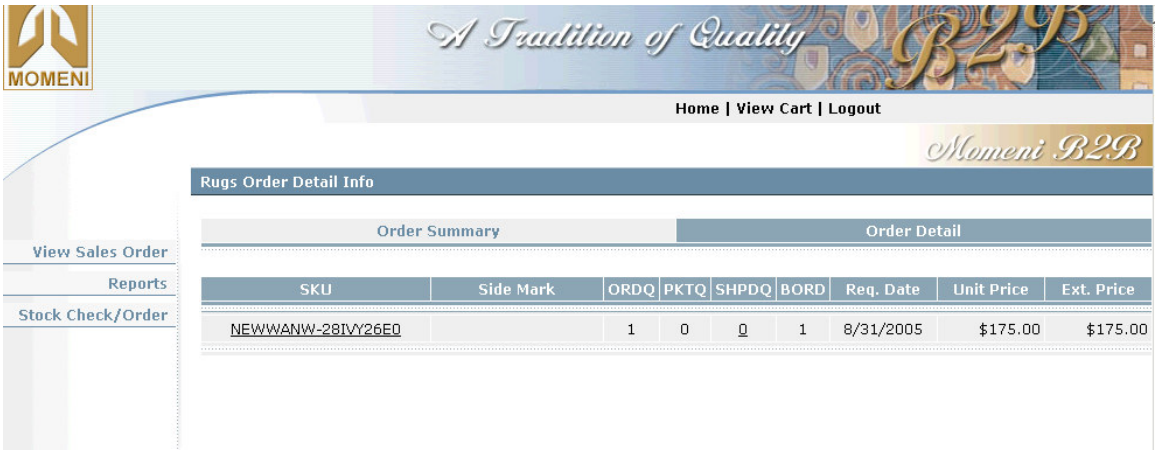
User comes on this Screen by clicking a Sales Order on the Search Results Screen. Detail of an individual Sales Order is shown on this Screen. The Screen has got two parts: one is the Summary Part of the sales order and other is the Detail Part of the order. This Screen layout shows the Summary Part of the Sales Order.



Button/Link/Field	Description
Order Detail	Click **Order Detail** Link to view the detail of the order.

Rugs Order Info Screen (Order Detail Screen):

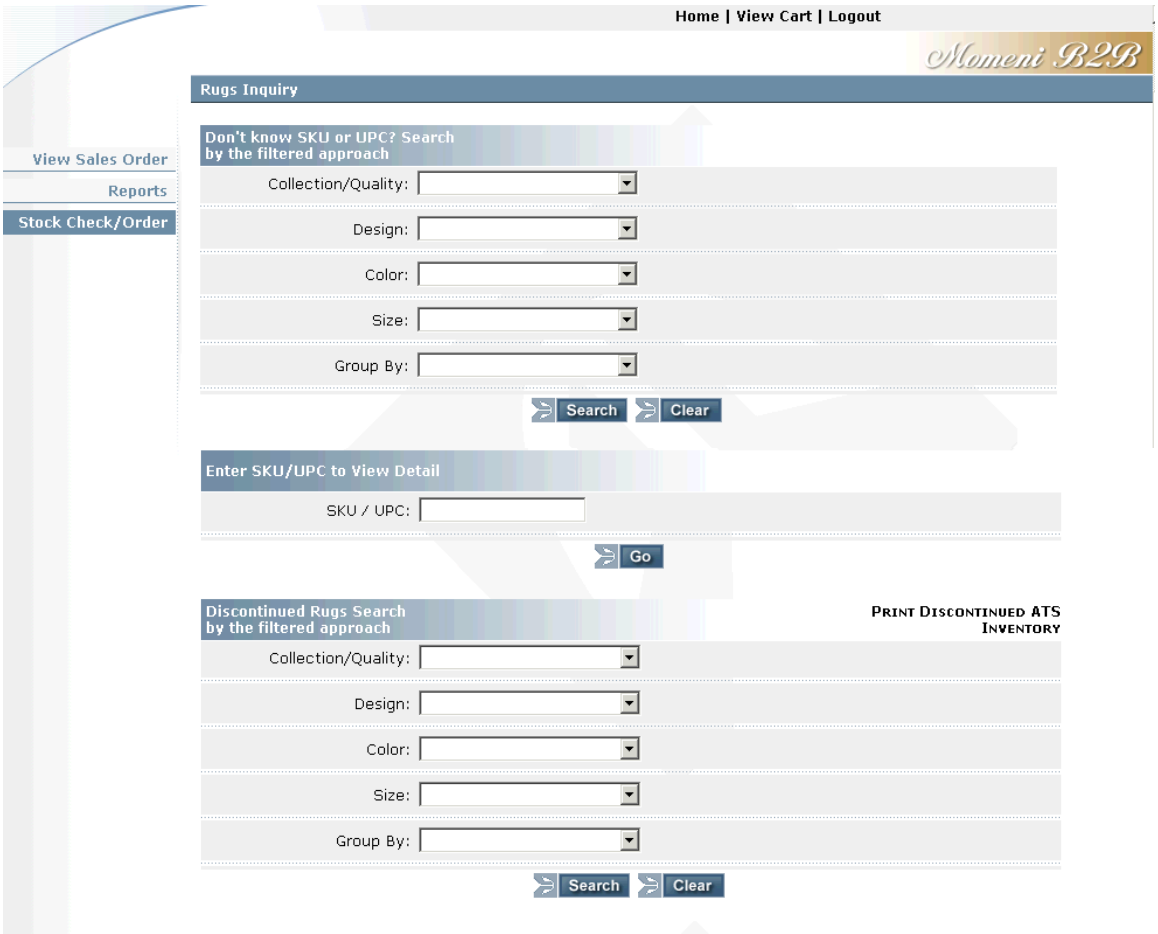
This Screen shows the Detail Part of the Sales Order. The user can come on this Screen by clicking the Order Detail link given in the Header of the Table. User can also go back to the Summary of the Sales Order by clicking the Order Summary link. The user can also view the Rug Items that are included in a Sales Order.



Button/Link/Field	Description
Order Summary	Click **Order Summary** Screen to go back to the Order Summary Page.
SKU NEWWANW-28IVY26E0	Click the **SKU** Link to see the Profile of the Rug.

Stock Check/Order Screen:

This screen helps user to search Rugs through different criteria. The user has been given ease by giving the combo box option. All the major collections are given on the page. The user can select any of the Collection and get all the information about that collection. The user can also search a Rug by giving its SKU/UPC directly. Discontinued Rugs are made separate for the ease of the user.



Note: *The link "Print ATS Inventory" is only for the Sales Representative and not for other users.*

If the user does not know the SKU or UPC then he/she can search through the filtered approach, which is as follows:

Button/Link/Field	Description
Collection/Quality:	Select **Collection/Quality** from the given list.

Design:	Select **Design** against selected Collection/Quality.
Color:	Select **Color** from the given list.
Size:	Select **Size** against the Rug from the list.
Group By:	Select the **Group By** criteria.
Search	Press **Search** Button to search for Rugs.
Clear	Press **Clear** Button to clear all the fields.

If the user knows SKU or UPC of the Rug then he/she can search detail of that Rug directly, which is as follows:

Button/Link/Field	Description
SKU / UPC:	Enter the **SKU/UPC** for the Rug.
Go	Press **Go** Button to see the Rug Profile.

If you want to search the Discontinued Rugs by filtered approach then use the following criteria:

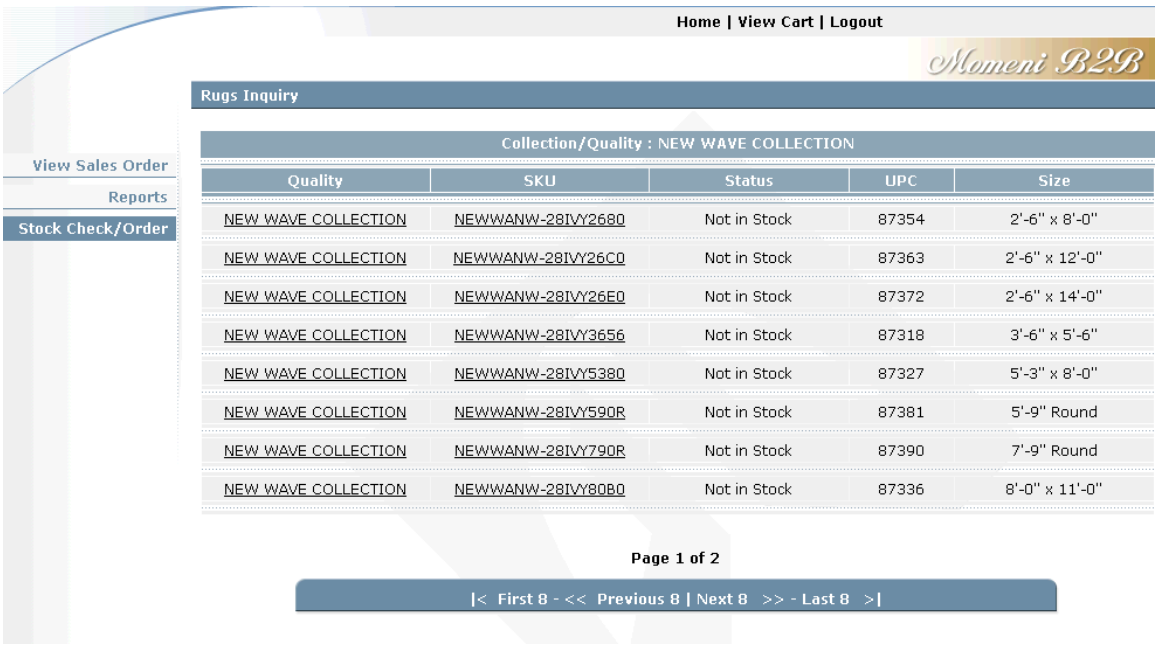
Note: *Discontinued Rugs are not available on Back Order. Available Quantity of Discontinued Rugs is mentioned with each Rug ID.*

Button/Link/Field	Description
PRINT DISCONTINUED ATS INVENTORY	Click this Link to Print the **Discontinued ATS Inventory**. (This link is available to Sales Representative only).
Collection/Quality:	Select **Discontinued Collection/Quality** from the given list.
Design:	Select **Design** against selected Collection/Quality.
Color:	Select **Color** from the given list.

Size:	Select **Size** against the Rug from the list.
Group By:	Select the **Group By** criteria.
Search	Press **Search** Button to search for Rugs.
Clear	Press **Clear** Button to clear all the fields.

Rug Inquiry Screen:

Different Categories of a Rug Collection are displayed on this Screen. So that the user can view any Category he/she wants to. The SKUs are also displayed on the screen so that if the user directly wants to see a Rug Item, he/she can view it through this screen.



Button/Link/Field	Description
Quality NEW WAVE COLLECTION	Click **Quality** Link to see the Detail of the Quality.
SKU NEWWANW-28IVY2680	Click **SKU** link to see the detail of the Rug.

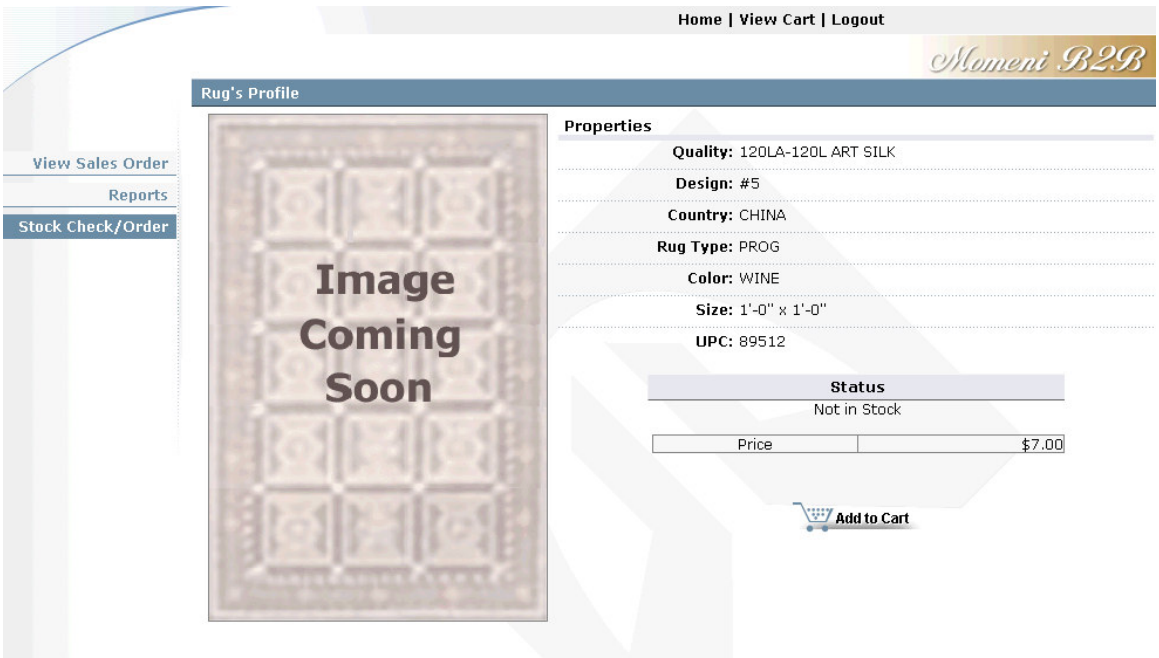
Quality Detail Screen:

This screen shows the different Sizes of a Quality with their SKUs. Check Box options are given with each size of the Quality. The user can select any SKU and Size by checking the check box against that Size and add it to the Cart.

Button/Link/Field	Description
Buy	Check the **Buy** Check Boxes against the Sizes you want to include in your Order List.
Add to Cart	Click **Add To Cart** link to add the selected items to your Cart.
Print Hang Tags	Press **Print Hang Tags** Button to Print the Detail.

Stock Search Results Screen:

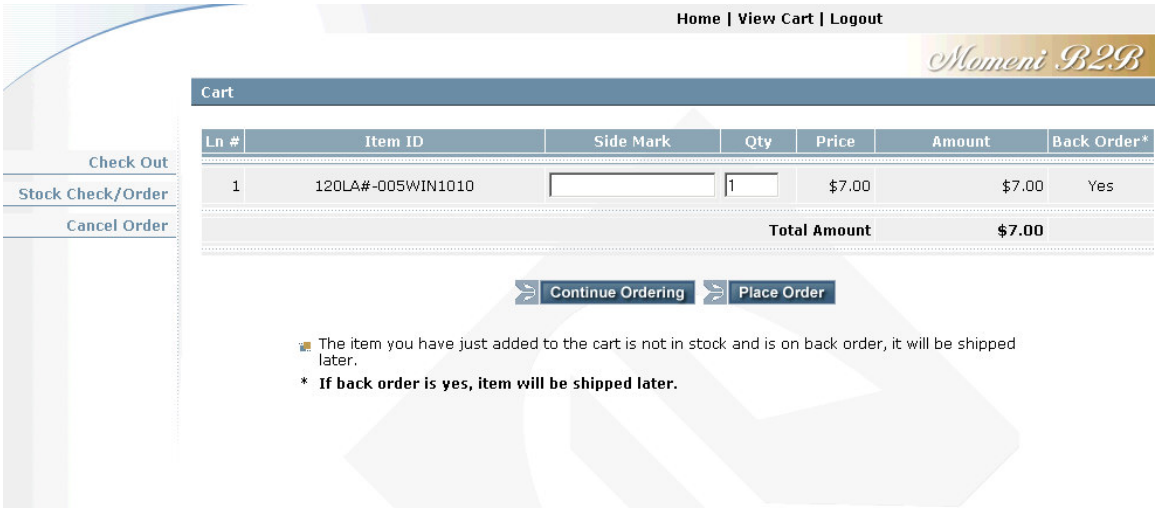
The user can see all the information about a Rug on this page. The user can also add the Rug to the Cart. The image of the Rug is also displayed if it is available.



Button/Link/Field	Description
Add to Cart	Click this link to add this Rug to your Order List.

View Cart Screen:

All the Rug Items are placed in the Cart that the user is selecting for Order purpose. User can see his/her selected Rug Items for Order by clicking on the View Cart link given on the Header of every Screen. User can also modify the Quantity of the Rug Items for the Order. It is also displayed that the Rug Item that has been selected for the Order, is whether on Back Order or not.



Button/Link/Field	Description
Side Mark	Enter **Side Mark** if you want to.
Qty 1	Enter the **Quantity** of the Rug Item to include in the Order List.
Continue Ordering	Press **Continue Ordering** Button to go back to the Check Stock/Order Screen/Rugs Profile.
Place Order	Press **Place Order** Button to place your Order against selected Rug Items.

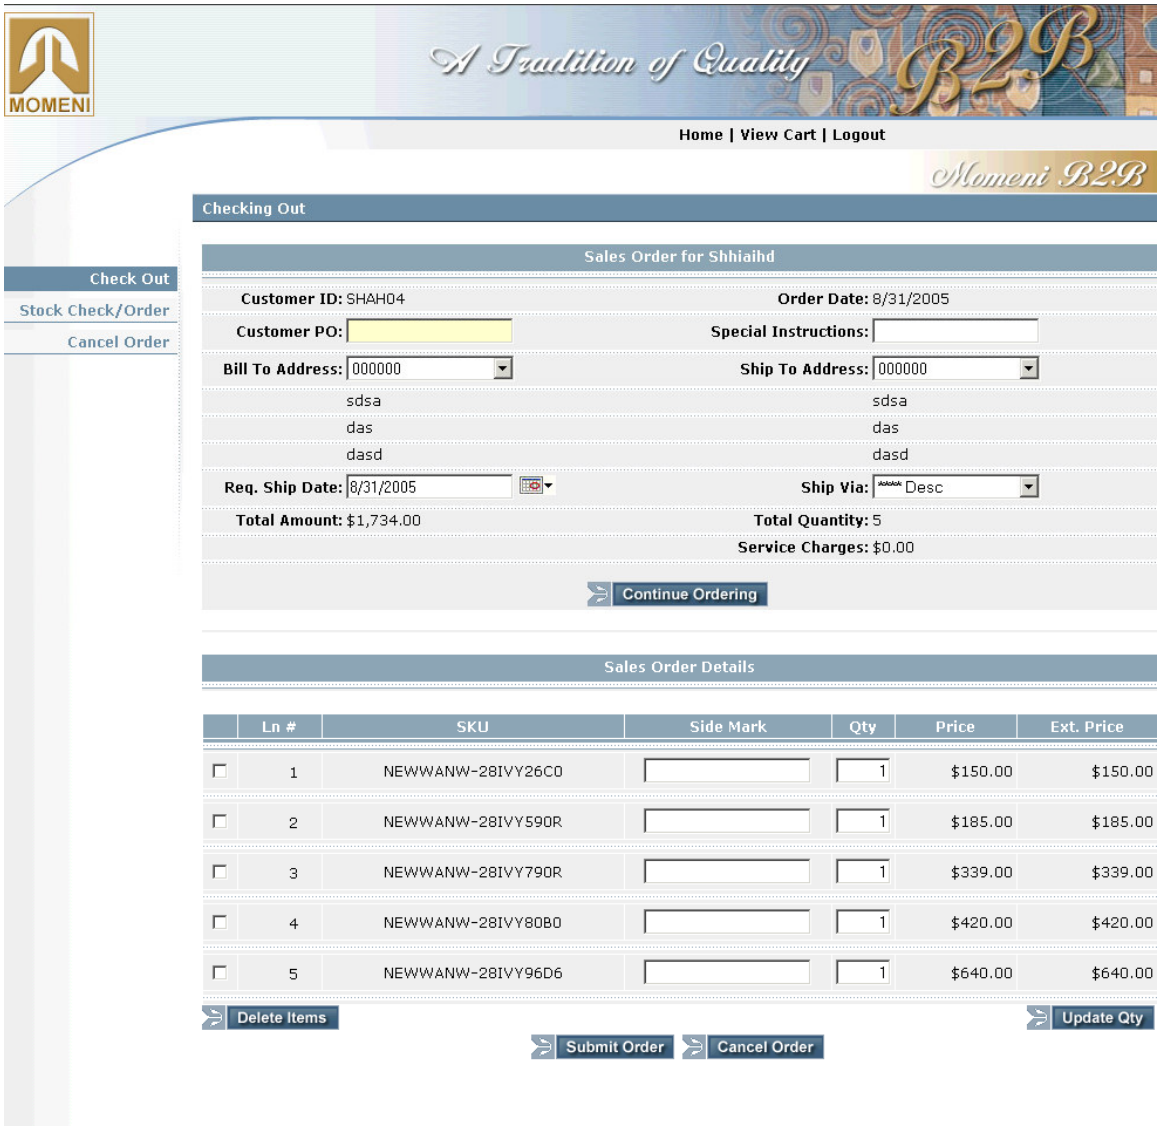
Note 1: ***Back Order*** *of a* ***Rug ID*** *shows the presence of the Rug ID in the* ***Stock****. So if the Back Order of a Rug ID in the Cart is YES that means that the Rug ID is not present in the stock at the moment and will be shipped later.*

Note 2: *once you put some Item/s in the Cart, you will see a new link* ***"Cancel Order"*** *on the Menu bar on the left side. If you click this link then your all current selected Rug Items will be cleared and your Cart will become Empty.*

You will also see a ***Check Out*** *Link. This link will lead you to the Place Order Page.*

Check Out Screen:

After the user is finished with selecting his/her required Rugs, he/she can submit Order through this Screen. All the information about the Rugs that user has selected for the order is displayed on this screen. The option of modifying the list of Rugs is still available to the user. After filling some important fields the user can submit the Order.



Button/Link/Field	Description
Customer PO:	Enter **Customer Purchase Order**. **Customer Purchase Order** must be **Unique** for every Order.

Bill To Address: 000000	Select **address** from the given list to bill.
Special Instructions:	Enter any **Instruction** about the Order if you want.
Req. Ship Date: 8/31/2005	Select Required **Ship Date**.

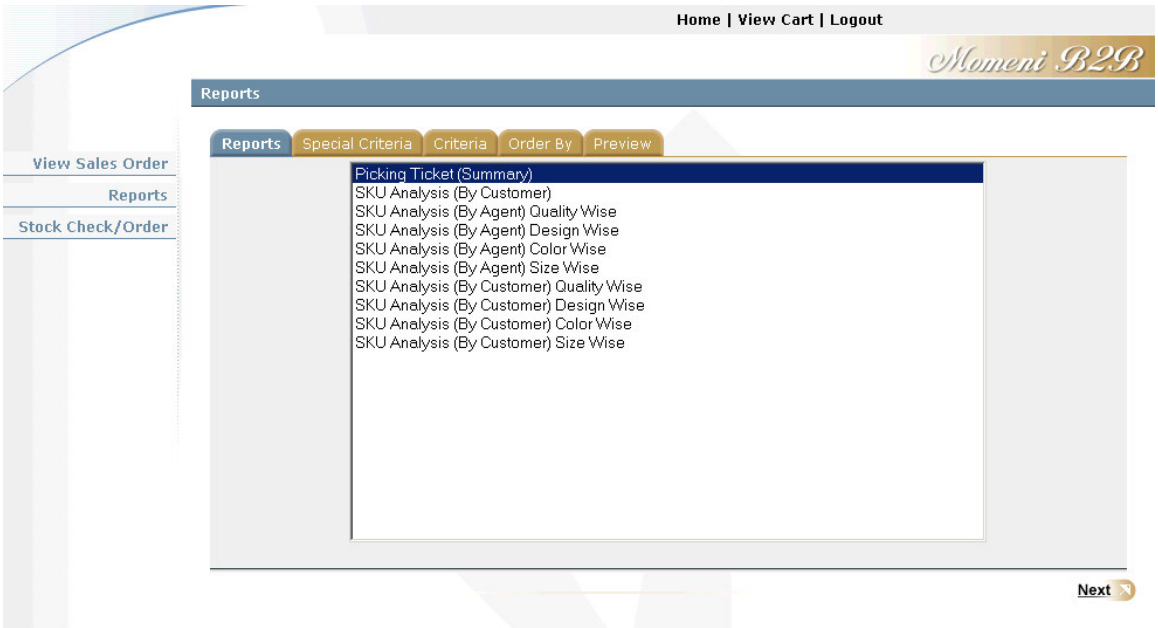
Qty 1	Enter the **Quantity** for each Rug Item in the Order list.
	Check the Items you want to Remove from the Order list.
Delete Items	Press **Delete Items** Button to delete the Items that have been Checked.
Update Qty	After Modifying list of Items press **Update Qty** to make sure that changes are saved in the Order.
Submit Order	Press **Submit Order** Button to place your Order.
Cancel Order	Press **Cancel Order** to cancel your Order.

Reports:

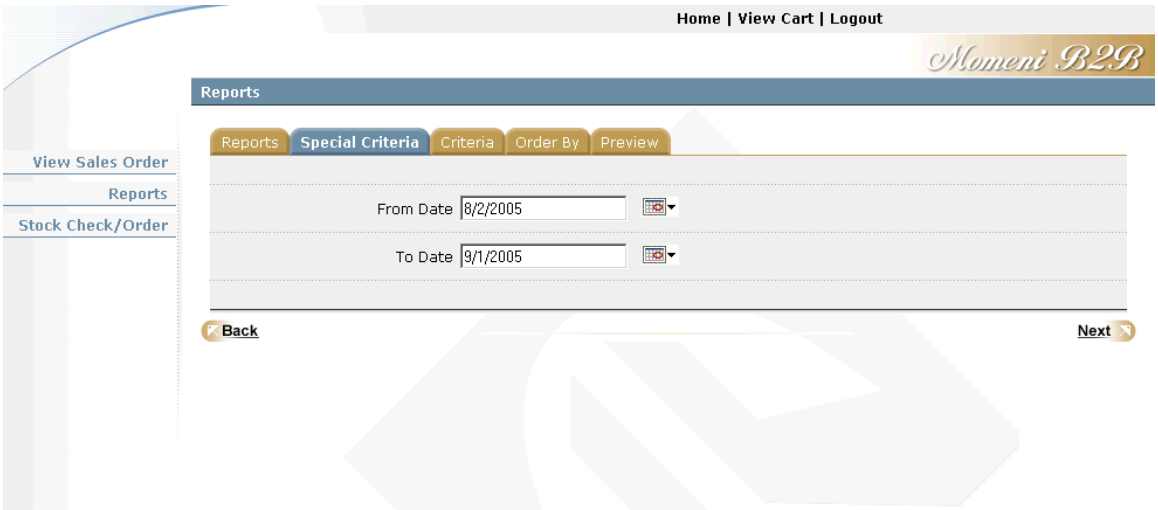
The user can analyze the previous Sales Orders in detail by using different Reports This Screen helps user to view reports. Different Reports are available on this Screen. User can select any report to view.



Button/Link/Field	Description
Next	Click **Next** to go to next step.

Special Criteria Screen:

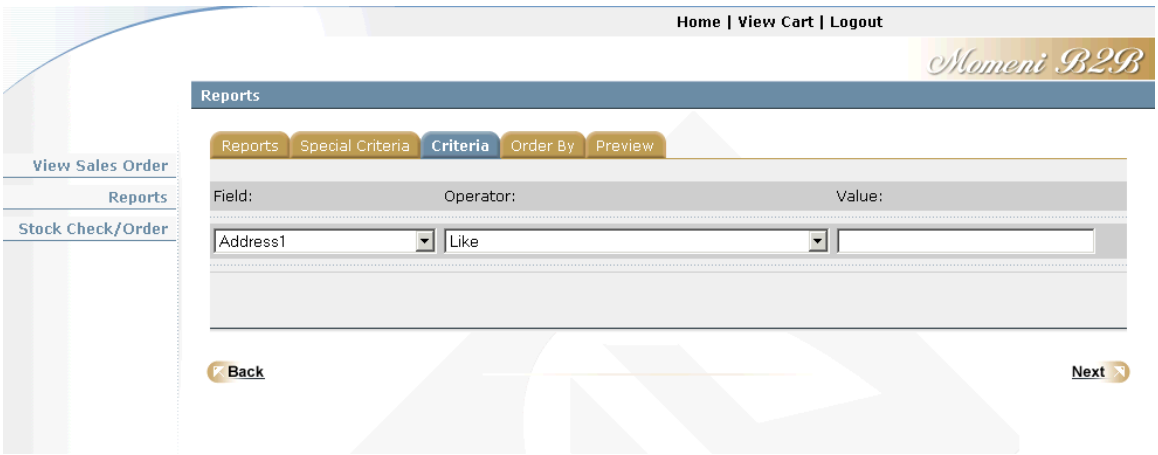
If the user wants to view the Sales Orders between two dates, he/she can do this by specifying the Date To and Date From criterion. This criterion can be selected through this screen. The results of the report lie between these two given dates.



Button/Link/Field	Description
From Date 8/1/2005	Select the **Date from** where you want to start Report Entries.
To Date 8/31/2005	Select the **To Date** till that you want to see the results.
Back	Click **Back** to go to the previous step.
Next	Click **Next** to go to the next step.

Criteria Screen:

User then can select any criteria for the report. For example the Field Combo box contains different fields (e.g. City, Country etc). The user can select any field against which he/she wants to apply Criteria. Then he/she can select any operator (=, Not In, < etc) from given operators according to his/her requirements. Then he/she can give a value.



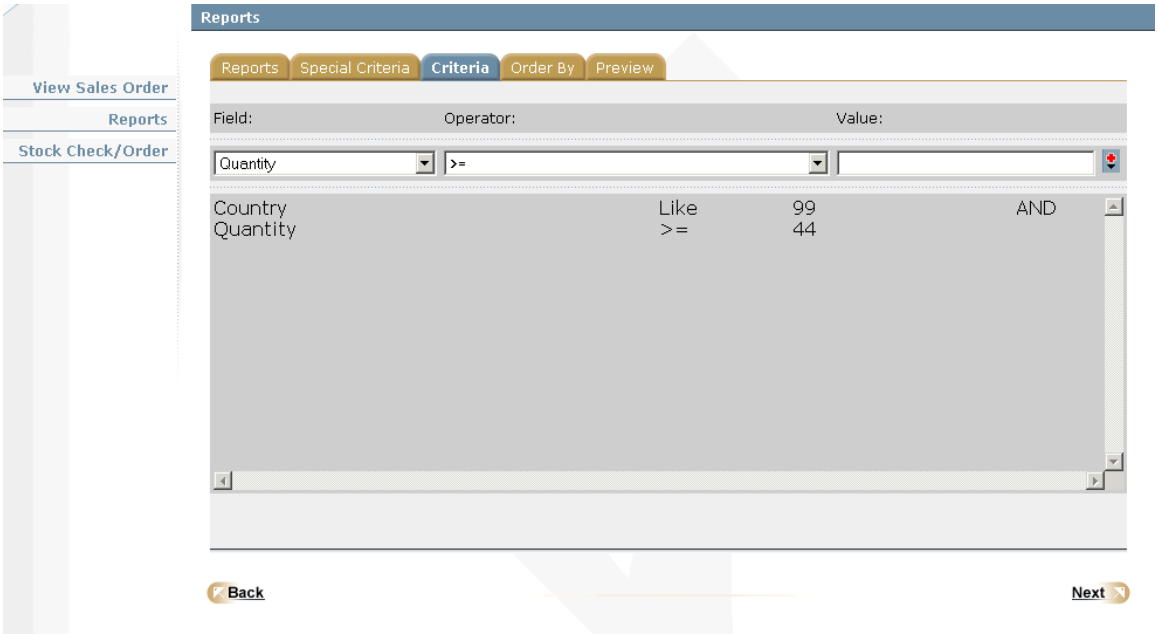
Button/Link/Field	Description
	Select any **field** from the given list of fields.
	Select the **operator** from the given list of options.
	Enter any **Value**. When the user enters a value in this field, a button appears to the right of this field. By pressing that button, the criterion is put in a grid. The user can add as many criteria as he/she wants.
	Click **Next** to go to the next Step.

Back	Click **Back** to go to the previous Page.

Criteria Screen (after giving value):

Following Page opens after users clicks the Button that appears after entering the value in the value field. The user can give as many criteria as he/she wants. All the criteria are put in the Grid. When user presses the Next Button, the criteria are sent to the next page.

If the user enters a value once only and presses Next Button without pressing the Add Value Button, the criteria is still included in the Report.



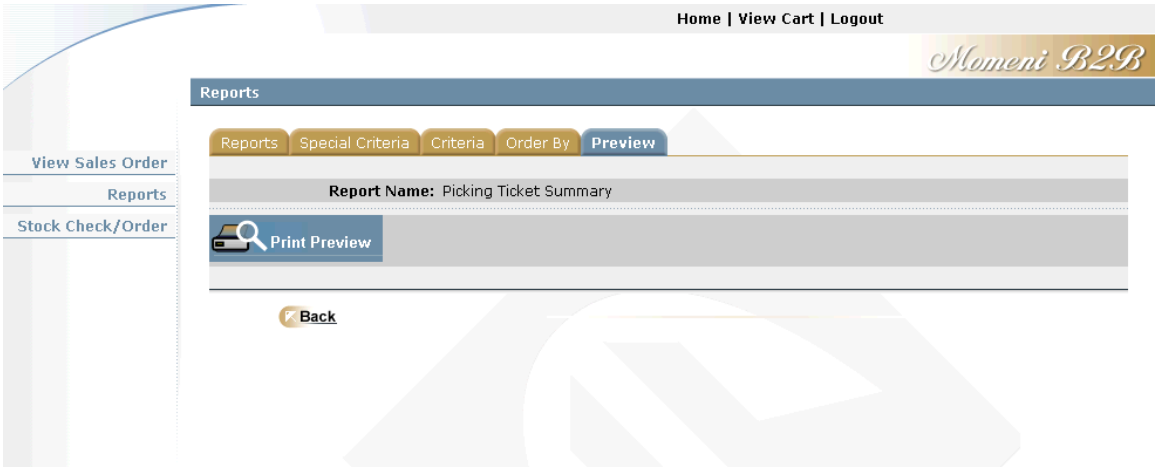
Order By Screen:

After user has given the Criteria, he can select the "Order by" options of the Report. Different options are shown in the left List box. If user wants to include a value in the "Order By" list, he/she can do this by double clicking that value. When the user double clicks the value it will be put in the right List Box, which means that the value is added in the "Order By" list. Double clicking a value in the right list box will remove that entry from the "Order By" list.

Button/Link/Field	Description
Cancel Date City CustomerCompany Customer ID Customer PO Creation Date Picking Ticket No Quantity Sales Order No Ship To Address	Select any **item** you want from the given list.
	Click this **Button** to move the item into the criteria.
	Click this **Button** to move all the items in the criteria.
	Select any item from the list that is on the right side and click this **Button** to remove it from the criteria.
	Click this **Button** to remove all the items from the criteria.
Next	Click **Next** to go to the next Step.
Back	Click **Back** to go to the previous Page.

Print Preview Screen:

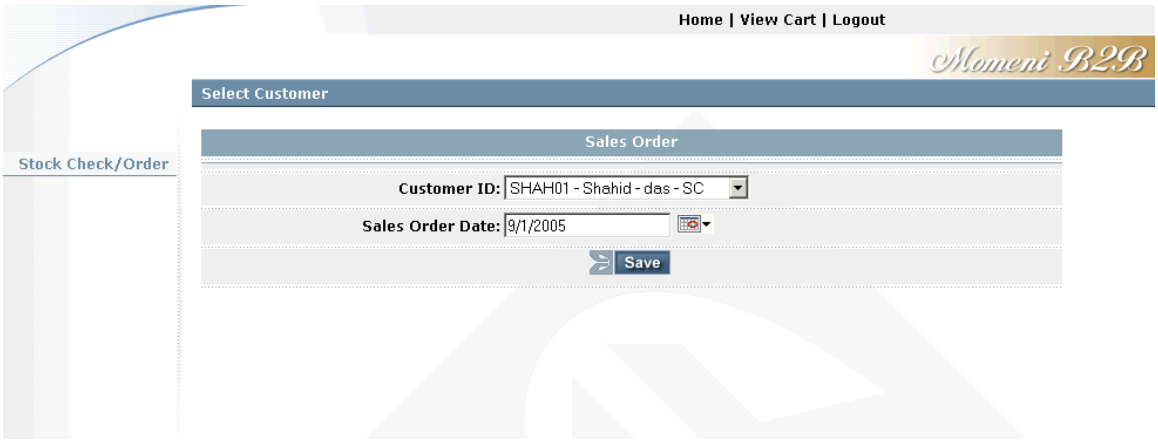
After user has given all the parameters for the Report, he/she can view the Report by clicking the Print Preview Button on this Screen.



Button/Link/Field	Description
Print Preview	Click **Print Preview** Button to view the Report against your given Criteria.
Back	Click **Back** to go to the previous Page.

Select customer screen: (For Sales Rep. Only)

The Sale Representative cannot submit orders directly. He/she has to select a customer for the submission of an order. Following is the screen where the Sales Representative can select a customer so that he/she can place an order.



Button/Link/Field	Description
